c. Noted he had received a call from Nelson Rockefeller on 3 February with respect to a Staff Assistant. The Director said Mr. Rockefeller had indicated he felt that "most of his work would be with CIA" and apparently was seeking our guidance. Mr. Dulles went on to say that  had been mentioned for this job. Mr. Amory noted he would be an excellent choice, particularly from a staff viewpoint and possibly Mr. Rockefeller could also use an additional assistant from CIA. Mr. Wisner agreed and undertook to give this consideration and advise the DCI of his decision.
